

**Field:** Education, Development

**Name:** Internship for Humanitarian Development (IHD)

**Location:** Jodhpur, Rajasthan, India

**Name of Position:** Community Development Project

**Brief Description of the Organization:**

The purpose of IHD is to provide Community Development Education and research services to the International community using practical project based studies that contribute to well-being, integration and self-sufficiency. Our Internship program is embedded within a rigorous and ongoing Training and Education framework. We have identified key Competencies necessary for productive community and humanitarian development work in a developing country by international students. One of our key strengths is our ability to mobilize excellent teachers and speakers such as Professors, Outreach Workers, Doctors, Lawyers and Politicians etc. A student's practical Project and Field Work is carefully structured and monitored through the duration of the Internship. IHD India has partnerships with many organizations in Rajasthan, India who specifically work with human rights, education and health, microfinance and micro enterprises, environment, and water harvesting, arts and culture. Interns can choose to base their field education in any one of these fields.
